Subject: 469 Stevenson Air Quality
Attachments: Construction Information.doc

Hello Elena, Anna, and Trevor,

As we discussed in our meeting this afternoon, attached is the construction equipment information list. Please have the project sponsor fill this list out to assist both air quality and noise analyzes.

Below is a tentative list of known cumulative projects:

- Transportation – Better Market Street, Sixth Street Improvement, Muni Forward, Central SoMa Streetscape changes
- Development –
- (2017-011465ENV) 945 Market Street
- (2013.1049E) 950 Market Street
- (2011.0409E) 925 Mission Street/5M
- Central SoMa Area Plan

Stantec, please prepare a list of cumulative projects within a quarter of a mile of the project site. Please note you can find cumulative projects here: https://sanfrancisco.buildingeye.com/planning For more information about what these cumulative project entail go here: https://sfplanninggis.org/pim/

We are typically looking for medium to large projects, including new construction and changes of use. If you have questions about how to use building eye or PIM, please give me a call.

Thanks,

Lana Wong
